## Welcome

Dear Hong Kong Branch Members,

**Welcome to the website for the Hong Kong Branch of IOSH. You can find information about our activities by following the links on the left.**

In line with the recent revamping from our Headquarters, you are now strongly encouraged to get access the IOSH website through the Connect / Connect Diary to learn the latest development, information and services of IOSH.

Accordingly, as a formal arrangement directed by the Headquarters, the website of IOSH(Hong Kong) could only be accessed through Connect / Connect Diary.

You may wish to note that the original website of IOSH(Hong Kong) is no longer used with immediate effect.

We hope you find our new-look pages useful and informative, and we look forward to adding further content as the branch continues to develop.

Yours faithfully,  
IOSH (HK)
